VOL. XXIV.

FRANKFORT, KENTUCKY, SATURDAY, DECEMBER 1, 1900.

NO. 12

## THE GENERAL LAND LAWS.

The annual report of Gov. John G. Brady, of Alaska, to the Secretary of the Interior, urges Congressional legislation on the extension of the general laws to Alaska, giving the natives the same legal status as the whites and the representation of Alaska by a delegate in Congress. The report says that at Cape Nome "everything and everybody is pell mell; there are several claimants for each town lot, beach claim and creek claim, fully 25,000 people waiting for the action of the court there."

Despite recent legislation of Congress creating additional courts and a new code of laws, the whole southern coast from Unalaska to Yakutka is without protection. Within this area the population is very considerable, and property interests will amount to millions of dollars. Another court is urged, to be established either at Valdez or Kodiak.

The Indian natives of Alaska are chafing under their present status and aspire to citizenship. The governor says there should be equal rights and opportunities for all in the territory.

## HOW TO CURE CROUP.

Mr. R. Gray, who lives near Amelia, Dutchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine, safe remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by J. W. Gayle, druggist.

## SERIOUSLY HURT.

We regret to learn that Mr. Jere Spaulding, who lives on the South Side, was so unfortunate as to have the gate to the Hermitage distillery lot, on Third street, strike him as he passed out of the grounds, on Sunday, and throwing him down broke his leg in the thigh joint. It seems that Mr. Spaulding was passing through the gate when a heavy gust of wind caught it, forcing it back against him with the result above given.

Mr. Spaulding was serving on Sunday watchman at the distillery at the time of the accident.

He was a brave and gallant Confederate soldier, a member of the Orphan Brigade, and his many friends will hear of his accident with great regret.

## Kodo! Dyspepsia Cure

"Digests what you eat."

A North Missouri editor is responsible for this sublime outburst: "Our heart swells up with gratitude and our voice is choked with emotion, like a muley cow with a turnip in her throat. The world is after all a happy one, and we gaze from the window of our editorial monastery at the sun-kissed landscape, sweet visions of milk and honey, humming birds and molasses, brick cheese and ambrosial nectar dance before our astonished vision like a calf before a circus procession. Last Saturday one of our subscribers came in and paid in cold cash and cold blood, three years arrearage and two years in advance."

"About five years ago I was troubled with catarrh of the lower bowel," says C. F. Chisholm, 481 Dearborn Avenue, Chicago, and therein I consulted several eminent physicians who prescribed for me. I found their remedies failed to in any way relieve me, and the trouble almost became chronic. After suffering several months, I one day concluded to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and I beg to assure you that it was indeed agreeably surprised to find after taking two doses of the remedy that I was completely relieved of the disease that had cost me so much trouble and annoyance. I am thankful to say that I have not suffered from it since." For sale by J. W. Gayle, druggist.

## DOES ANY ONE KNOW THEM?

We give below a notice asking information about the Cult heirs. Read the card, and respond if you know about them.

Houston, Texas, Nov. 28, 1900.  
Dear Sir:—I am looking for the heirs of Mary A., Harriett and Emily A. Colt. They came to your State with their brother, Daniel P. Colt, before 1855. He married and went to Texas in 1855, leaving his sisters in your State. Any information will be received with thanks. Yours truly,

HENRY MALINGREN.

## SPLENDID ADDRESS.

Mr. John L. Amdeen, of Versailles, delivered a splendid address at the Y. M. C. A., on Sunday afternoon. His theme was "Will It Pay to Walk With God, and How Can We Walk With Him?" He handled the subject in a masterly manner. It was strong, yet tender and pathetic, and was greatly enjoyed by a large number of gentlemen.

## SNOW.

When our citizens awoke on Monday morning they found about two inch of snow covering the face of the ground, and a keen wind blowing. It soon cleared off, however, and the snow vanished as quickly after the sun came out.

## ORGANIZED.

The new Democratic County Committee met on Monday morning last, at the courthouse, and organized by the election of Mr. Fred. L. Gordon as Chairman and Mr. Pat. Newman, sr., Secretary.

## JOE MULHATTON.

The celebrated Joe Mulhatton, the most universally known and most unmitigated perverticler, has been sent to the Colorado insane asylum. He had recently sold a gold mine which he had owned some time for a large sum. He had been paid a large proportion of the money and was wildly spending it.

## DR. HOLMBOE.

Has arrived in the city and taken charge of the business of Dr. Leonard, the dentist, during his illness. Dr. Holmboe is from Maine, and will be pleased to meet all of Dr. Leonard's customers and guarantee satisfaction in all work he does. "Call and see him."

## \$1,000 WORTH OF GOOD.

A. H. Thurness, of Wills Creek Coal Co., Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel or stones, with excruciating pain. Other medicines only gave relief. After taking Foley's Kidney Cure the result was surprising. A few doses started the brick dust, like fine stones, etc., and now I have no pain across my kidneys and I feel like a new man. Foley's Kidney Cure has done me \$1,000 worth of good." Take no substitute. South & Longmoor, W. McKee Hardie.

## KIPLING TO WRITE FOR PUSSY'S PURR.

One of Kipling's new "Just-So" Stories, which he is now writing for the Ladies' Home Journal, will tell "How Pussy Got Her Purrr." In the same humorous vein the famous author will tell of another feline peculiarity: "How the Tiger Got His Stripes." Kipling loves to write about animals, and to interest children in his stories; but fond as he is of children he will not write "down" to them. He despises the "tawdler" which fills so many books intended for their entertainment, and keeps far away from it in everything he does with his pen; consequently his stories interest men and women as well as delight children.

## EDWIN ABBEY'S PICTURE FOR AMERICANS.

Edwin Abbey has accepted a commission to draw a cover for the Ladies' Home Journal. Four or five years ago Mr. Abbey filled a similar engagement, and his picture was the admiration of the illustrators in this country and Europe. He has promised himself to excel even that effort in the forthcoming Journal cover in compliance to his American friends. Mr. Abbey's pictures are so much in demand that it is difficult to get him to lay aside his brush for his pencil—and most costly, too, it may be added.

Many persons have had the experience of Mr. Peter Serran, of South Street, N. Y., who says, "For years I suffered torture from chronic indigestion, but Kodol Dyspepsia Cure made a well man of me." It digests what you eat and is a certain cure for dyspepsia and every form of stomach trouble. It gives relief at once even in the worst cases, and can't help but do you good. South & Longmoor, W. McKee Hardie.

## A NOVELETTE ON VIRGINIA LIFE BEFORE THE WAR.

Laura Spencer Porter, a gifted Southern writer, has just completed a serial in which she portrays girl life in the Old Dominion, of the ante-bellum days. Into her story she has woven the social and domestic life of the Virginia gentry, pictured their fetes, festivals, courtships and marriages, giving most interesting glimpses of the descendants of those patrician pioneers who settled on the James. The serial has been secured by the Ladies Home Journal. It will have early publication, under the name of "Those Days in Old Virginia."

Now is the time when croup and lung troubles prove rapidly fatal. The only harmless remedy that produces immediate results is One Minute Cough Cure. It is very pleasant to take and can be relied upon to quickly cure coughs, colds and all lung diseases. It will prevent consumption. South & Longmoor, W. McKee Hardie.

## MISS MERINGTON'S DRAMATIZATION OF "CRANFORD."

Marguerite Merington, the well known dramatist, has converted the famous "Cranford" story of Mrs. Gaskell's into a play for The Ladies' Home Journal. In the evolution she has been remarkably successful in preserving the atmosphere of Cranford, and of most convincingly reproducing the quiet life and the individual, harmless peculiarities of the maiden ladies, and the charm of their courtesy. The play is for amateur presentation.

When the stomach is tired, out it must have a rest, but we can't live without food. Kodol Dyspepsia Cure "digests what you eat" so that you can eat all the good food you want while it is restoring the digestive organs to health. It is the only preparation that digests all kinds of food. South & Longmoor, W. McKee Hardie.

## RE-ELECTED.

At the recent State Convention of the Baptist Young People's Union, held at Lexington last week, Rev. M. B. Adams, pastor of the First Baptist Church of this city, was re-elected President for the third time. A well deserved endorsement.

The person who disturbed the congregation last Sunday by coughing is requested to call on South & Longmoor, W. McKee Hardie and get a bottle of Foley's Honey and Tar. It always gives relief.

## ELECTED STATE MANAGER.

Prof. S. L. Frogge, of this city, has been selected as State manager for the Southern Education Society, which meets at Richmond, Va., December 23, 24, 25.  
This is a compliment worthily bestowed.

## AT THE PEN.

The Christian Endeavorers of the State held a service at the local penitentiary Thanksgiving Day. The exercises were very interesting and largely attended. The prisoners were given a nice dinner which they enjoyed hugely.

## SCHOOL NOTES.

Miss Whitehead, we are glad to see, is back again at her post of duty.

Miss Ward was sick two days during November. First miss in life.

The public school children of Frankfort cannot be excelled for generosity. They raised by pennies a few weeks ago \$18.17 for a little sick boy.

Wednesday they brought basket full after basket full of good things as a thanksgiving offering to poor little ones of our city. God bless the school children.

Wednesday, in the High School the reading of the class journals took place, with quite a number of visitors present. The first years, second years and third years, or seniors, each had quite a creditable journal.

While little jokes peculiar to such papers were dealt in and enjoyed, yet thought showing advancement was seen on every page.

We ought to be proud of our schools and visit them more. Remember as you visit them, however, that you will see character in all stages of development from the kindergarten through the grades to the senior class in the High School.

When you enter a manufacturing establishment of any kind you will find the raw material, half dressed lumber, and undressed patterns still under the fashioning hands of a skilled workman.

So each one must go through a process to bring him up to a well rounded character. You would not think of entering a work shop and selecting an unseasoned piece of timber and ask the mechanic to put the finishing touch on it at once, without it going through all the preparatory steps to make it a useful article of furniture.

So it is just as unwise to ask your Superintendent or teacher to advance your child beyond its grade.

Every wide awake teacher is eagerly watching the child's development and will be too glad to make the promotion at the proper time.

## DEATHS.

**LYLE**—At the home of her husband on Saturday morning, Mrs. Margaret R. Lyle, wife of Mr. Joel I. Lyle, of Fayette county. Mrs. Lyle was 71 years of age. Her maiden name was Rowland, a cousin of Mr. Russell Bailey, of Woodford county. She was twice married, her first husband being Mr. Robert Bass. Some ten years since she was married to Mr. Joel I. Lyle.

She was a life long member of the Methodist Church.

She leaves a loving and devoted husband, four stepsons and a large relationship to mourn her death.

The funeral services were conducted on Sunday afternoon by Rev. J. S. Sims, of the Hill Street M. E. Church, Lexington, and the remains were interred in the Lexington cemetery.

## MATRIMONIAL.

**VREELAND-CRUTCHER**—At the home of the bride's mother, Mrs. Lafa Crutcher, in Woodford county, on Wednesday, Mr. Graham Vreeland and Miss Annie Crutcher were married by Rev. Walter Vreeland, brother of the groom.

**CUSHING-COLEMAN**—At the Church of the Good Shepherd, on Wednesday morning, Mr. James Cushing, Jr., of Louisville, and Miss Mary Coleman were married by Rev. Father Thos. S. Major.

**SPARKS-CRUTCHER**—Announcement has been made of the marriage of Mr. Wesley Sparks, of Bourbon county, and Miss Birdie Crutcher, daughter of Mr. Y. P. Crutcher, of this county. The happy event will occur on Wednesday next, Dec. 5th at 2 o'clock p. m. at the home of the bride.

## BICYCLE GIRLS

Are apt to overdo their strength. The rivalry of the road, the cheerful companionship, the exhilaration of the swift movement on the machine, all tend to make a woman unconsciously overtax herself. The results are often serious, and may affect the whole future of wifehood and motherhood.

Every woman who is conscious of feminine irregularities or disorders from strain or any other cause, should begin at once the use of Dr. Pierce's Favorite Prescription. It promptly corrects all female irregularity, drives the drains which are so debilitating, and tones the nervous system. It makes weak women strong and sick women well.

"I had falling of internal organs and had to go to bed every month; had irregular monthly periods which would come sometimes last ten or twelve days," writes Mrs. Alice L. Holmes, of Coaling Springs, Uniontown, Pa.

"I had also indigestion so bad that I could not eat anything hardly. Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' cured me. I took three bottles of the 'Favorite Prescription' and one of the 'Golden Medical Discovery'."

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence, private. Address, Dr. R. V. Pierce, Buffalo, N. Y.

## The Seat of Life

Is in the nervous system, the most delicate and important part of the whole body. When the nerves become weakened or diseased, the head aches, the circulation is retarded and the digestion is deranged. Little things irritate the temper and worry the mind, which only aggravates the disease until the whole system breaks down, and nervous prostration is followed by insanity or death. Strengthen and build up the nerves and stop this downward course before it is too late.

"My wife had a serious nervous affection which troubled her for a long time. Her arms and legs would get numb and a peculiar stinging sensation would appear in her hands and fingers. She worried a great deal, as nothing the doctors gave seemed to do her any good. But the first few doses of Dr. Miles' Nervine brought relief; and in a few weeks she was as well and strong as ever."

J. H. KITCHIN, Cherryvale, Kans.

## Dr. Miles' Nervine

strengthens the weakened nerves, rests the tired brain, gives rest to the appetite and puts new vim and vigor into the whole system. Begin to-day to get new life.

Sold by druggists on guarantee. DR. MILES MEDICAL CO., Elkhart, Ind.

## RUPERT OF HENTZAU.

In selecting Anthony Hope's thrilling romantic drama, "Rupert of Hentzau," for Mr. Howard Gould's annual starring tour, his manager, Wallace Munro, has chosen a vehicle particularly suited to the capabilities of this popular young actor. In "The Prisoners of Zenda" Mr. Gould achieved a reputation which put him in the front rank of romantic actors, and vindicated Mr. Daniel Frohman's judgment in selecting him as Mr. Southern's successor in the role. This second Zenda romance offers even greater opportunity for his unquestionable sterling talents, so those who have seen the first play will be especially anxious to witness his portrayal of the same character in its sequel. The production is the original one from Mr. Daniel Frohman's Lyceum Theatre, and is up to the Frohman standard, as to scenery, costumes, accessories and supporting company. It will be seen at the Capital Theatre on Thursday, Dec. 4, and the inquiry for seats in advance indicates the interest aroused in Mr. Gould's appearance in this stirring drama.

## SERIOUS CUTTING.

On Wednesday afternoon a difficulty occurred in "Craw" between John Lumpkins (better known as Doughbelly), colored, and William Quire, a young white man, in which Lumpkins cut Quire in the back, making an ugly wound.

Lumpkins is an ex-convict, who killed another colored boy and was sent up, but pardoned by Gov. Brown.

Quire was to have been married Wednesday night, but the wedding was postponed.

## SUPERVISORS.

Judge Dan Moore has appointed Jos. L. Rodman, sr., J. B. Utterback, Wash. T. Crutcher, L. G. Penn, Ezra Allison and Sam Coggeswell as the County Board of Supervisors. They will meet at the courthouse on the first Monday in January, 1901.

## MUSICAL.

Some of the pupils belonging to the music class of Miss Giltner gave a recital on Wednesday afternoon at the residence of Mr. J. C. Mastin, on which occasion the following program was rendered:

- a Butterflies Wm. Fink
- b Trust in Absence. Baufelder
- Miss Aulyn Chinn.
- a The Shepherd's Dream Helms
- b Polonaise Liehner
- Miss Maria Trabue.
- a Valse, E flat Chopin
- b Valse, D flat Chopin
- Miss Annie Redd.
- Polacca Kuhlman
- Miss Luey Chinn.
- a Song Without Words Mendelssohn
- b Sonata Mozart
- Miss Marie Mastin.
- Miss Edith Simpson.

## FOR PNEUMONIA.

Dr. C. J. Bishop, Agnew, Mich., says: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." There is nothing so good. South & Longmoor, W. McKee Hardie.

## LECTURE.

The current events section of the Woman's Club have a treat in store for the Frankfort people. It is a lecture on Forest Reservations in Kentucky, by Mrs. Maury, of Louisville. As chairman of the Arboretum Committee of the High School Alumni, Mrs. Maury has done wonders for her native city, and at this time, when the crying need for the preservation of our forest trees is so apparent, her lecture will doubtless appeal to every one in our community.

It will be given at the chapel of Ascension Church on Monday, December 10th at eight o'clock and admission is free.

### APIARY EXPERIMENTS.

It sometimes happens that in the spring there is nice weather for flight of bees, but there is nothing from which they can gather nectar or pollen. At such times it is the practice of some bee-keepers to feed some substitute for pollen. Bees will work eagerly upon such substitute so long as no natural pollen is to be had, but when the genuine article is to be had the substitute will be utterly neglected. Prof. Gillette made experiments to see what substitute was preferred by the bees, putting out a number of articles at the same time. As nearly as could be determined, their preference was in the following order: Ground whole kernels of oats, corn and wheat, wheat bran ground over so as to be fine, waste dust and chaff as taken from cleaners at flouring mill, cottonseed meal, wheat bran, pea meal, wheat flour, rye flour, bean meal, barley meal. They would hardly touch the last three so long as they could get the others.

The practical conclusion of all this is that which has heretofore been taught in these columns: the bee-keeper may take what substitute is most convenient for him, which in most cases will be the ground feed he is using for his horses or cows. That can be used without any waste, for when the bees have used out the fine particles the remainder can be fed to the four footed stock.

### STRENGTHENING TREES.

Where a tree of considerable size, with a large top, is set out, the roots are very liable to be prevented from taking hold of the ground in consequence of the working of the tree from side to side by the wind. This can, in a great measure, be prevented by staking the tree down. To do this, fit a leather collar around the trunk of the tree four or five feet above the ground, so that the wires which are to be

fastened to the tree will not in any way hurt the bark. At a distance of three or four feet from the base of the tree, drive the stakes, leaning at an angle from the tree. There should be from four to six of the stakes set in a circle around the tree. From these stakes carry the wires to the leather collar on the stem of the tree, tightening them so that there will be an equal tension on each side. A healthy tree that makes a good growth will not require any support after the second season.—J. L. Irwin, in Agricultural Epitome.

Help is needed at once when a person's life is in danger. A neglected cough or cold may soon become serious and should be stopped at once. One Minute Cough Cure quickly cures colds and coughs and the worst cases of croup, bronchitis, grippe and other throat and lung troubles. South & Longmoor, W. McKee Hardie.

Death is but a kind and welcome servant, who unlocks with noiseless hand life's flowered eidered door to show us to those we love. Mourning the living dead; they who have passed from this to one of higher activity. They who walk with us away from the sordid cares to things that perish out; they are not dead, but they are dead whose aimless souls reflect no glory on their path. Our Father waits to greet us beyond the sea of death where the waves break on the shore eternal. He will come to bear us in his arms safe to our home.

Don't use any of the counterfeits of DeWitt's Witch Hazel Salve. Most of them are worthless or liable to cause injury. The original DeWitt's Witch Hazel Salve is a certain cure for piles, eczema, cuts, sores, burns, sores and skin diseases. South & Longmoor, W. McKee Hardie.

### ELECTRIC MOTOR CYCLE.

Germany gets the credit for the first bicycle fitted with an electric motor and it is said to be partially self-charging. Motor Age describes the new machine as follows:

"Supported within the front frame of the bicycle is a small electric motor whose armature shaft is connected by a belt to a pulley on a stub shaft projecting from the side of the seat mast tube. On the same shaft is a small sprocket wheel over which runs a chain connecting with a sprocket on the rear wheel hub. There is also the usual bicycle sprocket and chain connecting between pedal shaft and rear wheel.

"A lever underneath the saddle allows the rider to throw the motor driven pulley on the seat mast in and out of engagement with the sprocket on the same shaft. A storage battery hanging from the upper reach tube of the frame is furnished with the proper wire connections to the motor.

"Descending hills the rider throws the motor gear into engagement and the revolution of the motor armature, now being driven by the bicycle, acts as a brake against the momentum of the machine and also causes the storage battery to be charged with lively electromagnetic power. When the bottom of the hill is reached and the ascent of the next grade begun the storage battery parts with its accumulated energy, the motor armature is whirled round and round and bicycle and rider go merrily skimming up the incline. So says the inventor, and he ought to know. He does not, however."

The automobile and motor cycle have become important adjuncts to the theatrical profession for advertising purposes. Advance agents are beginning to travel the country on motor cycles and several touring companies have gaudily decorated machines, which parade through the streets of the town the morning of the show and "capture the natives." One such machine owned by a juggler has \$1,000 worth of silver filigree on it.

The most effective little liver pills are DeWitt's Little Early Risers. They never gripe. South & Longmoor, W. McKee Hardie.

An old maid has just died at Brockville, Ind., at the age of 85, who, for 60 years, kept herself entirely apart from the world in pursuance of a resolution when she was crossed in love. Poor girl, perhaps 'twas better thus. She may have saved herself a lifetime of trouble with a drunken husband and a house full of unruly children. As St. Paul was wont to remark, they that marry do well, but they that marry not do better.

**GLAD HE WASN'T HOME.**  
Though the Teuton loves his fatherland, he is sometimes very glad to be out of it, as the following story which I heard the other day bears witness to. The other day a young German, a well known optimistic singer, meeting some compatriots in a west end cafe, made a few disparaging remarks about the Kaiser. Later he sought quarters in a hotel. Early in the morning he awoke, and for the nonce was puzzled as to his latitude. He remembered that he had said something uncharitable respecting Emperor William, and got into a condition of blue funk, as he thought he was in for a year or two of imprisonment for the offense of lese majeste. Suddenly he heard the "mee-ow" of the milkman, and he jubilantly exclaimed to himself: "Thank Himmel, I am safe; I am in London! Donnerwetter, I fancied I was in Berlin!"

**Does It Pay to Buy Cheap.**  
A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; it is not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boech's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes every expectorated particle a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by S. B. Holmes, 4-1y

## Rheumatism.

Nobody knows all about it and nothing, now known, will always cure it.

Doctors try Scott's Emulsion of Cod Liver Oil, when they think it is caused by imperfect digestion of food. You can do the same.

It may or may not be caused by the failure of stomach and bowels to do their work. If it is, you will cure it; if not, you will do no harm.

The way, to cure a disease is to stop its cause, and help the body get back to its habit of health.

When Scott's Emulsion of Cod Liver Oil does that, it cures; when it don't, it don't cure. It never does harm.

The genuine has this picture on it, take no other.  
If you have not tried it, send for free sample, its agreeable taste will surprise you.

## ACCOMMODATING THE CROWDS.

Every large city in which an Exposition is held has its own peculiar problems to solve in the way of caring for the vast number of people who come to attend it. To house comfortably the great number of guests and afford them the accommodations they need at prices reasonable and just, and to transport them to and from the grounds where the Exposition is held means a tremendous amount of study and preparation.

The city of Buffalo, where the great Pan-American Exposition is to be held next summer, has been engaged for many months in the consideration of these problems in the various phases which they manifest. The attendance at the Pan-American Exposition bids fair to be nearly, if not quite as large as that of the World's Fair at Chicago, for within a radius of 500 miles of Buffalo there is an expectation of some 40,000, and if the Exposition is the brilliant success that it promises to be the greater portion of this population will want to see it at some time during the six months it is to be in progress. A large number of conventions of various societies are to meet in Buffalo between May 1st and November 1st, of 1901, so that these conventions of themselves will afford an attendance at the Exposition of no small extent. The various steam transportation lines and the International Traction Company, which controls the trolley lines of Buffalo and its vicinity, are making extensive preparations to handle the great traffic, and the people of Buffalo are busily at work on the problem of accommodating the guests who may be expected during the summer and fall of 1901. The International Traction Company is expending \$5,000,000 in the improvement and extension of its lines. The railroads are also showing energy in the matter of adding to their terminal facilities, etc. A number of large hotels are being erected in Buffalo in anticipation of the increased demand for hotel accommodations of the Pan-American season. Several large apartment houses are to be transformed into hotels for the Exposition season. In some cases office buildings are to be used also. The famous Hotel Iroquois has added three stories to its height and made other extensive improvements. All

over the city proprietors of boarding houses and private householders are increasing the accommodations of their houses and homes, so as to be able to take boarders and lodgers during the Exposition season, and thus increase the accommodations capable of being provided in this way by many thousands of rooms. Speaking of the problem which Buffalo has on its hands, the Review of that city says:

"Besides the rooms provided in the regular hotels, besides the accommodations of the boarding houses, and private homes, where Pan-American guests will be entertained for a consideration, there must be temporary structures to serve the purposes of hotels or buildings remodeled for that purpose. To have enough of these and not too many is the problem. To have too many would be to leave useless property in the market after the Exposition is over and this would tend to create the very condition of things it is desirable to avoid, a condition which has sometimes followed the holding of expositions, but which Buffalo hopes to escape.

"The Review notes with satisfaction in the connection the statement that certain structures which have been used for business purposes, but which have been to a large extent untenanted for some time, are to be fitted up for hotel purposes during the Exposition. After the Exposition is over they can be used for business purposes again. In this way, it seems to us, lies the solution of this problem. In this way accommodations may be provided for the overflow from the existing hotels without large investment of capital, investments which might or might not be justified by the attendance at the Exposition. There are a dozen of buildings of this kind in Buffalo which could be fitted up as temporary hotels at comparatively small expense. The comforts, if not the elegance, of a first-class hotel could thus be provided. A large number of the visitors to the Exposition will want such comforts. They can do without the frills, and in an exposition year they will scarcely expect them, but they will demand the comforts and conveniences of the hotel and expect to pay for them. Buffalo should endeavor to meet this demand to the fullest possible degree."

Although the problem of handling the crowds will of course be an exceedingly difficult one, the prospects are that it will be satisfactorily solved. Persons who contemplate attending need not fear that there will be any special difficulty in their obtaining accommodations during their stay which will be comfortable and convenient at prices within the reach of their means and reasonable and just in view of the extraordinary demand for such accommodations.

## A POWDER MILL EXPLOSION

Removes everything in sight; so do drastic mineral pills, but those are mighty dangerous. Don't dynamite the delicate machinery of your body with calomel, croton oil or aloes pills, which are gentle as a summer breeze, do the work perfectly. Cures hemorrhoids, constipation. "Rupert of Hentzau," a sequel to Anthony Hope's famed "Prisoner of Zenda," will be seen here shortly, presented by a company of carefully selected players, headed by that popular romantic star, Mr. Howard Gould. The production will be identical in every detail with the original New York success at Daniel Frohman's Lyceum Theatre. This production should mean a guarantee of excellence.

## THE BEST PLASTER.

A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back or pains in side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. Chamberlain's Pain Balm also cures rheumatism. One application gives relief. For sale by J. W. Gayle, druggist.

## FINE COURSE OF LECTURES.

The ladies of the Improvement Committee of the Methodist Church have secured three of the finest lecturers now on the platform, who will lecture in this city at the following times, and on the themes given below:

Hon. Alf. Taylor, ex-Congressman (brother of ex-Gov. Hob) on Monday evening, December 3d, subject "Poetry and Pearls."

These lectures will be given in the Ball Room of the Capital Hotel. Tickets for reserved seats for the whole course, \$1.50, or fifty cents for a single lecture. They may be had at Barrett's News Depot.

A rare series of lectures will be given, affording delightful entertainment and at the same time helping a good cause.

Mr. Howard Gould, known for his success in Anthony Hope's great dramatization of "The Prisoner of Zenda," will shortly be seen here in another Howard play, "Rupert of Hentzau." Mr. Gould's impersonation of the dual role of Rudolf and the king is a performance remarkable for artistic conception and rendition. For scenic environment, costuming and detail, the production is up to the high standard of all Daniel Frohman's previous successes, and the cast is said to be one of exceptional merit.

You can't afford to risk your life by allowing a cough to develop into pneumonia or consumption. One Minute Cough Cure will cure throat and lung troubles quicker than any other preparation known. Many doctors use it as a specific for grippe. It is an infallible remedy for a cold. Children like it and mothers endorse it. South Longmoor, W. McKee Hardie.

## LOCATES HERE.

Mr. Howard Marra, of Danville, a graduate of the Louisville College of Pharmacy, has accepted a position with the LeCompte-Gayle Drug Co., of this city. We welcome the young man among us.

A cold, cough or a gripe can be "nipped in the bud" with a dose or two of Foley's Honey and Tar. Several hundred bottles of South & Longmoor, W. McKee Hardie.

The scenic embellishment of modern dramatic productions has been carried to an extreme that would seem extravagant were it not that the public has grown to demand such perfection of detail. In the production of "Rupert of Hentzau," which is to be seen in this city during the present season, this scenic extravagance is given striking illustration. The closing scene of the play, in particular, is said to be unique in its conception and striking in effect. Mr. Howard Gould, Rudolph and Esmond will duplicate his phenomenal hit of "The Prisoner of Zenda."

## GIVE HORSES TIME TO EAT.

Horses should have at least 75 minutes for each meal. If they finish eating in less time, as they probably will, nothing will be lost by giving them a few moments' quiet rest, and digestion will be better if it is well under way before the animals begin work. Fifteen or twenty minutes longer given the horses at meals will be more than made up by quicker and more vigorous action in the field. The horse that has 75 minutes for meals can, and will, do more work than the horse that has only 45 minutes.—Rural World.

HON. E. H. TAYLOR, JR.

Is a candidate for State Senator from this District, subject to the action of the Democratic party.

(For the Roundabout.)  
ELECTION STATISTICS.

The results of the November election in Franklin county show some interesting facts as compared with the census returns and the election of last year. The election comparison is made on the vote for Governor in each year.

The census of 1890 shows a total population in the county and city combined of 21,467, and in 1900 a total population of 20,852—a decrease in ten years of 415.

The total vote in the city and county in the Presidential election of 1892—the largest polled from 1880 to 1892—was 8,477, and this year it was 8,794. Willist the population of the county has therefore decreased 415 the vote has increased 1,817.

In 1890 the total vote in the city of Frankfort was 1,894 and in Franklin county, outside the city, it was 2,960. The population of the city is 9,487, and of the county, outside the city, is 11,865. The ratio of votes in the city, according to the population, was 5.17; therefore, in the city one vote for every 5.17 of population and, in the county, outside the city, the ratio was 5.88. The accepted ratio of a legitimate vote under ordinary conditions is one for every five of population.

The census comparison, therefore, tells its own story.

The next comparison may indicate where the responsibility may rest as to the remarkable increase of votes as compared with population. No proper comparison can be made of the Republican city vote of this year with last year because, except in the Courthouse and Capital Hotel and Bellpoint precincts, no general reception of the Republican vote was had. In Vogler's precinct 26 votes were uncounted; in Gas House, 50; in the bridge 42 ballots were burned, and in Gaines Stable precinct the doors were closed and the hopper ground out its grit. We may add, however, that the Democratic vote in the city this year only exceeded that of last year by 62 votes.

The following is the Democratic vote in Franklin county for Governor, outside the city, for the years 1890 and 1900:

Precincts.	1890	1900
Crutcher's School-house.	128	148
Forks Elkhorn.	138	123
Switzer.	122	147
Thorn Hill.	112	143

Bloomington.	70	91
Peaks Mill.	115	150
Swallowfield.	88	96
Elmville.	91	114
Benson.	98	125
Harvieland.	96	122
Flat Creek.	107	142
Bald Knob.	94	123
Bailey's Mill.	97	155
Bridgeport.	182	206
Cedar Run.	74	95
Utterback's.	61	83

Totals 1678 2072

The increase in the Democratic vote is as follows: Crutcher's, 20; Switzer, 25; Thorn Hill, 31; Bloomington, 21; Peaks Mill, 44; Swallowfield, 8; Elmville, 23; Benson, 27; Harvieland, 26; Flat Creek, 35; Bald Knob, 29; Bailey's Mill, 58; Bridgeport, 24; Cedar Run, 21; Utterbacks, 22—Total, 414.

Decrease in the Democratic vote—Forks Elkhorn, 15.

The following was the Republican vote for Governor in 1890 and 1900 in the county precincts, outside the city:

Precincts.	1890	1900
Crutcher's School-house.	171	166
Forks Elkhorn.	67	85
Switzer.	88	43
Thorn Hill.	62	80
Bloomington.	26	38
Peaks Mill.	63	64
Swallowfield.	31	56
Elmville.	56	62
Benson.	68	79
Harvieland.	26	38
Flat Creek.	23	30
Bald Knob.	6	10
Bailey's Mill.	2	1
Bridgeport.	45	49
Cedar Run.	71	67
Utterback's.	27	40

Total 782 888

It may be seen at a glance that the large increase in the Democratic vote cannot come from Republican losses, as there is a slight gain in the Republican vote in almost every precinct.

The deciding vote in each precinct as to the reception of votes was, of course, Democratic.

A most remarkable and unprecedented fact was the return from Switzer precinct under the signature of the officers of a full precinct vote for Hall and O'Rear, as Appellate Judges, when no such vote was cast and, this county, not being in the 7th Appellate district, no such names were on the ballots.

At Peaks Mill precinct one judge and the clerk left the polling place and went to the house of a sick Democrat to receive his vote.

At Bailey's Mill a voter's ballot was opened to see as alleged how he had voted.

CAPITAL THEATRE ORCHESTRA CONCERT.

The concert given by the Capital Theatre Orchestra, on Monday night, was a first-class entertainment in every way. The singing of Miss Kier and Mr. Vanderwey was exquisite and heartily enjoyed by every one present.

We regret exceedingly to learn that the attendance was insufficient to pay the expenses.

The entertainment was so fine that it deserved a full house. There are certainly enough music-loving people in this city to make a good concert, such as this was, a financial as well as a musical success.

MUSTERED OUT.

The Acting Governor has ordered, through his Adjutant General, the Louisville Legion (or First Regiment Kentucky National Guard), mustered out of the service. Lieut. Col. J. J. Henry, of Hopkinsville, is appointed the mustering officer. This the great city of Louisville is to be left without military protection, and for what?

THANKSGIVING DAY.

Thanksgiving day was generally observed in this city. The banks, public offices and business houses were closed, the latter in the afternoon.

Union services were held by the Christian, Baptist, Methodist and Southern Presbyterian congregations at the First Baptist Church. Rev. George Darrle preaching the sermon to a large congregation. Services were also held at the Catholic Episcopal and First Presbyterian Churches, at which there were good audiences. Everybody then repaired to their thanksgiving dinners of turkey, etc.

Collections were taken up for the poor at all the services.

SERIOUS CUTTING.

Two boys (Carr, white, and Win. Thomas, colored,) were playing marbles on Thanksgiving day, when they disagreed and Carr cut Thomas with a knife in the breast and stomach, the gash being some six or eight inches long. It is feared Thomas will die.

DISCHARGE FOUND.

On Thursday morning a discharge from the United States Army, for George Horton, musician, was found at the postoffice in this city.

The owner can have same by calling at the drug store of Dr. J. W. Gayle, corner Ann and Broadway, and being identified.

Geo. A. Points, Upper Sandusky, Ohio, writes: "I have been using Foley's Honey and Tar for hoarseness and find it is the best remedy. It stopped the cough immediately and relieved all symptoms." South & Longmire, W. McKee Hardie.

OUT AGAIN.

We were glad to see our old and valued friend, County Assessor W. H. Hawkins, in our office on Wednesday. Billy is getting around nicely, notwithstanding his recent dangerous illness. Everybody likes him and will be glad to learn of his recovery.

DIARY OF JUDGE LYSANDER HORD.

Wednesday, Jan. 22.

Slept a little late; wrote a paper to be signed by Kentucky members deputizing Turner, Willis and Blackburn to represent Kentucky before House Committee on Commerce. As I went up to Willards met Gen. John S. Williams, Senator-elect from Kentucky to next Congress, and R. C. Wintersmith. Told Williams my business. He said he was with me. Wintersmith said I must come to Ebbett House to see him. I took paper I had written to Capital; not finding Turner or Blackburn in their seats, sent in my card to Durham. He came out; showed him the paper; said he did not like to take the lead, that Turner ought to lead it, and I told him Turner was by the paper one of the Committee appointed and, therefore, did not like to go around soliciting names of other members. Still Durham declined then to sign. Saw Blackburn; showed him the paper. He said being Chairman of two important committees he had not time to act on committee of Kentucky delegation. At his instance his name was stricken out and I suggested Boone, whose name he inserted in place of his own. He then signed the paper, and at his suggestion I gave it to Turner to get other names. At night went to Willards; saw Turner, who said he had gotten the names of all our members whom he had seen. Searched the register of all the hotels in Washington to find out where Gen. Williams was. Found him at Riggs House. Told him of all my troubles with Kentucky delegation. He expressed his surprise. He agreed to give me all the aid in his power; agreed to go with me to see Reagan. Wrote long letters to my wife and W. J. Chinn to-day telling all my troubles; went to bed; slept all little.

Thursday, January 23.

Got up early; went to Riggs House to see Williams; found him unwell and in bed; had still further talk with him about getting our delegation to aid me. Intended to get him to go with me to see Reagan, but he was not ready to go then. Got a Courier-Journal of January 22. The editorial on Kentucky river improvements and the duty of our delegation to push it gave me great comfort and encouragement, being a response to my letter to Watterson of 25th. Went to Capital; saw Blackburn. He wrote a note to Reagan asking if he could give us a hearing to-morrow morning. Stood in gallery of House awhile and went to Senate. Sent my card in to McCreery. He came out; told him I wanted an introduction to Senator Wilson, of Minnesota. He went in, brought him out and introduced me to him. I told him he was one of the men I wanted to see before I went home. I told him my business. Showed him article in Courier-Journal as to resources of Kentucky river. Said it was a matter of importance and he would do what he could. I complimented his speech of last session on waterways and asked him for copies. He said the edition was exhausted. Wrote to J. P. Pryor, also to Watterson thanking him for article in Courier-Journal and asking him to keep up the fire. The afternoon of this day was unprofitable. After supper went up to Willards to see Turner; before getting there heard the firing of cannon and a band of music. Was told it was in honor of the arrival of Matt Carpenter, Senator-elect from Wisconsin. He had stopped at Willards and an immense crowd stood in the street in front of hotel. Carpenter appeared upon the balcony which was covered with the national flag; was addressed by an old grey-headed man named Clapp, a zealous Republican who had for many years the profitable job of printing the Congressional Globe and Record. Clapp spoke on behalf of the citizens of Washington and the Republican party. Made a very fulsome and senseless address in which he expressed great gratification that Carpenter had announced himself for the great military President Grant as the Republican candidate in 1880. Carpenter responded with no great eloquence or force as I thought. He made no allusion to Grant. I thought his silence significant. Failed to find Turner. Went to Riggs House to see Williams; he was not there. Went to 711 9th

street to find Blackburn. He was not in. Returned to Willards to find Turner; did not find him. Returned to my room, having walked I suppose 2½ miles and being much fatigued.

Friday, January 31.

A good day's work I think. Got up and breakfasted and left hotel at 8:15; went up to National Hotel; sent to Reagan's room (he not being up) a note to know when his committee would hear us about Ky. river. He sent back note that at 10 o'clock that morning we should be heard. Went on up to Willards to notify Turner (he not up) sent note informing him of hearing at 10 and requesting him to notify Willis and Boone. Went on up to Riggs House to notify Williams (he not up); sent my card requesting to see him at once. As soon as dressed he came down; told him of meeting; he said he would go; came on back to Willards; saw Turner. He told me Willis boarded at Riggs House. Didn't know this before. Went back to Riggs and Turner started to Boone's boarding house; Willis not in. Came back to Willards. Turner notified Boone. We went down to National to await other parties. Turner had also found Blackburn and Stoddard Johnston, who promised to come. Boone came and he, Turner and myself got on street car and went to Capital and into committee room. Found Hubbell, of Michigan, on committee. I was introduced to him. Reagan came in and afterwards Ray, of Missouri. Also introduced to him. Afterwards Felton, of Georgia, Blackburn and Williams arrived and then Beck. We had a talk among ourselves, agreed to ask \$500,000 and take what we could get. Beck spoke first, somewhat embarrassed by his former course on improvement appropriation. But said if committee concluded to go on he asked for Kentucky what she was entitled to. Blackburn spoke next, speaking generally of our contributions by taxes and our asking nothing. Turner went more into details as to appropriations, our taxes and resources of Kentucky river, saying we ought to have a million, but asked now only \$500,000. I spoke of vast undeveloped resources in coal, iron, salt and lumber to be developed by the improvement. Blackburn came to me after his remarks and excused himself as he had to be in Porter Committee, but said he would see me. I said so. I told him it was not necessary. Beck left after his remarks. Turner, Williams, Boone and myself bowed out of room and left. I returned to my room by 12 o'clock and wrote letter to Craddock. Then went to Capital hoping opportunity of resting and seeing proceedings of Congress. On getting on floor of House in the hall met Turner, who requested me to have box of canal coal sent from Kentucky as specimen. Carried from library to basement where he introduced it by mistake, and distributed 1 bushel to each member of House Committee on Commerce, who are boarding in different parts of city. A considerable job. He gave me a card to Librarian and said the coal was in basement under Senate Chamber. Went into basement and found coal and Librarian. He told me to get express company who brought it there to move it, telling me where office was. I went to express office and after a considerable talk he let me know they could not handle it as they had made one delivery of it. Referred to a private express called Knox's Express and gave me its location; went there and left order for its being brought to that office, corner of 6th street and Pennsylvania avenue. Agent said he might not be able to move it to-day. Went to Capital again at 2:30 p. m. Saw nothing going on to interest me; came back and wrote to Craddock giving a more encouraging outlook. Wrote to Col. Berry thanking him for editorial in Cincinnati Enquirer. Went to Riggs House to see Williams. Did not find him. Came back to Willards and sent up for Turner. Showed him Craddock's letter. Went back to Riggs House and showed Williams same letter. Williams has worked hard for us since he came. I am also under many obligations to John Chiles, of Mt. Sterling, who, as an experienced lobbyist, has given me much practical and common sense advice in management of our members. By his advice went and saw Durham and Clark found them both beginning to yield and prom-

ising to assist. Came back at 10:45; wrote letter to my wife saying I did not start home before Monday.

Saturday, February 1st.

Went to Willards 8:30 a. m.; did not see Turner, had not come down; went to Riggs House sent my card to room of Willis; reported not in; had dining room examined; was not found; had my card put on his plate at breakfast table; did not get to see him. Found Williams eating breakfast; when done he came out. I reported to him the interviews I had last night with Durham and Clark. He was much gratified. We talked of contest between Hays and Conkling. He agreed with me that as Hays was in the right it was the duty of the Democrats to support him. Came by Knox Express Office; found canal coal there; did not find Turner at Willards as I returned. Came on to my room; wrote long letter to Craddock acknowledging receipt of his letter of 27th to Beck and of 28th and 29th to me and fully explaining situation. Went to Capital; called out Durham; told him I saw in the Post of this morning that subcommittee of Commerce would report the river and harbor bill to full committee on Monday. Showed him name of subcommittee, viz: Reagan, Kenna and Hubbell and asked him to see them and have our appropriation put in the bill. He excused himself saying he was busy, etc. Sent in my card to Turner and Clark; neither in the House. Hunted up Williams; told him about Durham. He said Durham had that morning told him he had had talk with Clark and McKenzie, thought them all right and would be no difficulty. Came back to Washington House; Williams with me wrote to Watterson that Williams and I thought there would be no trouble if our members did what they promised; urged him to continue his attack on our members. About 6 went to postoffice and thence to Willards, after sometime saw Turner; he said he thought we could do nothing; that Reagan was right but Kenna and Hubbell were wrong. Kenna, he said, was fearful that if anything was given Kentucky it would be taken from West Virginia; that Hubbell was a Republican from Michigan and did not wish to have anything. That information made me very sad. Went to Ebbett House; saw Williams; told him what Turner said. Williams thought Turner did not know. Went to see Clarke; he was not in; came to my room feeling very badly. Concluded in the morning to see Judge Harlan and tell him my troubles and try get him to operate on Hubbell through Judge Miller, of Iowa, of U. S. Supreme Court.

Sunday, February 2d.

Morning bright and clear with a sharp west wind. At 7:40 went to Riggs to consult Williams. He was not there. Left my card saying I would be back at 9 o'clock. Went to Ebbett House to see if he was not there; not there; sent my card to R. C. Wintersmith, who was at breakfast. Williams not there and he had not seen him this morning. Determined to go to Judge Harlan's; was invited into his study; told him I was in trouble and wanted his aid. Stated the whole case and my difficulty as follows, viz: That subcommittee of House Committee on Commerce, who had been preparing of river and harbor bill was composed of Reagan, of Texas, as Chairman of whole committee, Hubbell, of Michigan, and Kenna, of West Virginia. That Reagan and Kenna were Democrats and Hubbell a Republican. That we had no trouble with Reagan, but it was said Kenna would oppose appropriation to Kentucky river, as it would be taken he feared, from his six West Virginia rivers that had heretofore received near two millions of dollars. That Kentucky had received nothing. He said he did not think he knew Hubbell. I suggested that Judge Miller, of U. S. Supreme Court from Iowa and to whom he had previously introduced me, might operate on Hubbell, as Miller once lived in Kentucky on Kentucky river. He replied Miller had just gone with some of his family to Texas. I presented in strong terms the emergency that this subcommittee, if was announced, would report to full committee to-morrow (Monday) and that (my) action was short. I referred to him being a Kentuckian and a former resident of
